

## DR. J. K. PATTERSON DIED AT LEXINGTON LATE YESTERDAY

Venerable Educator, Who For 41 Years Was President of Kentucky University Died Tuesday at Campus Home.

Lexington, Ky., Aug. 16.—Dr. James Kennedy Patterson, president-emeritus of the University of Kentucky, died Tuesday afternoon at 4:10 o'clock at his home on the university campus at the age of 89. He was president of the university from 1869 to 1910—41 years—said to be the longest period of service of any college president in the history of the United States.

Until April, 1920, the venerable scholar was hale and hearty and every sunny day found him driving in his carriage or in the yard of his home. In April two years ago, he was seized with an attack of illness from which he did not fully recover. Though in a weakened condition since then, he was seriously ill only a few weeks before his death. In an illness several months ago his life was despaired of but he rallied.

He is survived by his brother, Walter K. Patterson, retired educator and capitalist. They made their home together.

Born in Glasgow, Scotland, March 26, 1833, the son of Andrew and Janet Kennedy Patterson, Dr. Patterson was as proud of his Scottish blood as of his American citizenship. An injury at the age of four prevented the great scholar from obtaining education early in life. In Scotland but when he came to America in 1842 and settled in the then wilderness of Indiana, he attended the school at Madison, the nearest educational center of any consequence, and after two years there, at the age of 17, he taught his first school.

The following year, 1861, he entered Hanover College, and led his class through the entire course. He graduated from Hanover in 1866, receiving his bachelor's degree then and his master's degree in 1869. The honorary degree of doctor of philosophy was conferred upon him by Hanover College in 1875 and that of doctor of literature in 1896 by Lafayette College, the University of Vermont in 1910 and the University of Kentucky in 1916.

I will call at the home and shampoo your hair for 50 cents. Satisfaction guaranteed. Rose Anderson, 215 Beech street. Phone 780. 10AUG16

## FALLS DEAD ON BRIDGE RETURNING FROM WORK.

Newport, Ky., Aug. 15.—Anthony Pickelman, 63, South Bellevue, fell dead on the Louisville & Nashville Bridge while on his way from work. About half way across the bridge Mr. Pickelman complained to friends that he felt dizzy and a moment later he sank to his knees. Mr. Gau and Mr. Schwartz picked up Mr. Pickelman and carried him to the ticket office at the Newport end of the bridge, where he died in a few minutes.

## OLD CEMETERY CLEANED.

Wharfmaster Willett and a force of men have been cleaning out the old cemetery grounds in the rear of the Washington theater and now have it in first class condition. It is to be hoped that the city, which is now unquestionably the custodian of this property, will continue to keep it clean and in good condition.

## FUNERAL NOTICE.

Members of DeKath Lodge No. 12 I. O. O. F., are requested to meet at their hall on Thursday afternoon at 2 o'clock to attend the funeral of Bro. Joseph F. Johnson at the residence at 3 o'clock. Members of sister lodges are invited. H. M. CRAWFORD, N. G. JNO. W. THOMPSON, Secretary.

## MISS COMER'S FUNERAL THURSDAY MORNING.

The funeral of Miss Ellen Comer will be held at 9 o'clock Thursday morning at St. Patrick's church and burial will be made in the Washington cemetery.

## GOVERNMENT AID TO BE EXTENDED RAILWAYS

President to Issue Statement Taking Public Into Confidence on Rail Walk-Outs.

Washington, Aug. 15.—Congress and the county will be informed within 36 hours by President Harding of every fact in the railroad strike situation as he views it, and also—administration advisers said tonight—will be given an expression of his determination to give the full aid and protection of the federal government to maintenance of railway operations.

There is no room for further Presidential efforts to bring about compromise settlements of the shopmen's strike, a high official at the White House said, by negotiating between managements and the unions, although the President does not wish to hinder attempts of officials of railroad unions not on strike to mediate for their associates.

Meanwhile there emerged today from the almost continuous sessions here of the transportation labor organization heads an invitation to the Association of Railway Executives to reopen negotiations for a compromise settlement of the shopmen's strike, the five train service brotherhoods of engineers, conductors, trainmen, firemen and switchmen, acting for the striking crafts.

## KENTUCKY STATE BANKS SHOW DECIDED DEVELOPMENT

Increases of \$7,167,419 Made By Banks of Kentucky During the Past Year, Says Annual Report of Examiner.

Frankfort, Ky., Aug. 15.—Total assets of 465 state banks in Kentucky increased \$7,167,419.77 during the last fiscal year, which ended June 30, 1922, according to the annual report of James P. Lewis, State Banking Commissioner, submitted today to Governor Edwin P. Morrow. The total assets as of June 30, 1922, were \$227,284,937.92, as compared with \$220,117,518.15 as of the same date last year.

Loans increased by \$870,000 during the last fiscal year, and bank and cash reserves increased \$4,190,000. Total deposits were more by \$8,000,000, while capital stock increased by \$430,000 and surplus by \$737,000. The decrease in bills payable and discounts amounted to \$3,364,000.

Time and savings accounts increased from \$69,694,753.27 to \$77,489,117.96. Checking accounts decreased from \$94,286,954.66 June 30, 1921, to \$93,518,344.16 June 30, 1922. The report shows the total number of accounts at the end of the last fiscal year was 707,083, of which 492,579 were checking accounts and 213,504 time and savings accounts.

## INTEREST SHOWN IN LECTURE BY PRINCE.

Considerable interest is being taken in Maysville in the lecture to be given at the court house lawn Thursday evening by a native African Prince who is visiting in Maysville. The Prince is a most interesting conversationalist and has very many interesting things about his South African native land to tell the public. He should be heard by a very large audience.

## LEXINGTON CLUB OPPOSES NEW FEDERAL COURT PLAN.

The Kiwanis Club, of Lexington, Tuesday adopted resolutions opposing the establishment of a new Federal court district in Kentucky and urging that the Blue Grass section of the state be not taken out of the district of Federal Judge A. M. J. Cochran, of this city.

## MINISTER NOW MAY PERFORM MARRIAGES.

In the Mason County Court license to perform the rites of marriage has been issued to Rev. A. H. Chapin, pastor of the Presbyterian church at Washington.

I have for sale the bank fixtures, desks, etc., in the old State National Bank building. Any one interested in their purchase should see me at once. They must be moved out of building without delay. S. D. McDOWELL.

## HALL RECOVERING FROM SELF-INFLICTED WOUNDS IN JAIL

Fleming Confronted Who Slay His Half-Brother and Wounded His Step-Father Is Improving From At-tempt at Suicide.

The Fleming Gazette says: Russell Hall, the Colfax man who was lodged in jail here last Tuesday afternoon for the shooting and killing as described last week, is improving and it is thought will soon be recovered from his injuries self-inflicted.

The .32 ball which entered his breast did not penetrate any vital organ but ranged upward and lodged in the arm near the shoulder. He is still in jail and will be given a hearing as soon as he is able to come to the court house.

The version of the killing as given by Wall Cook, who was shot and is recovering, is that Hall came to his home carrying a shot gun and approaching asked "are you ready to die?" To which Cook replied, he was not. As Hall raised the gun Willie Cook stepped between them and received the full load from the gun. Wall Cook ran into the house, got his gun and as he emerged was shot by Russell who had evidently been waiting for him to appear. Cook did not fire his gun.

When the Sheriff arrived on the scene he found Russell Hall lying on the ground with a wound in his breast and his wife fanning him. He told the Sheriff he wanted to die and that his only regret was he did not kill Cook. He is said to have been drinking. After Hall had been lodged in jail he told the shooting of his half-brother, Willie Cook, was accidental. Neighbors say there had been some family quarrel the day before. Russell Hall is about 40 years of age.

## BOY, 14, IS HELD

St. Clairsville, Ohio, Aug. 16.—Stanley Kubic, 14, was held in jail today as a witness in the murder trials growing out of the killing of John I. Major during the mine strike here.

The boy was brought into court and Michael Kubic, his father, and counsel for the United Mine Workers tried to get him released on bail.

The boy said he didn't want to leave jail.

"I don't want to be let out and I don't want any bond," he said. "I'm satisfied."

He was rushed back to jail while Prosecutor Dixon and Special Prosecutor Walker were put on the witness stand by Earl R. Lewis, attorney for the mineworkers in a vain effort to find out why the boy was being held.

## TWO CHILDREN BURN TO DEATH IN OWSELV HOME.

Booneville, Ky., Aug. 15.—When Mrs. Chester Gabbard, of Travelers Rest, returned from morning milking she found the house doomed by flames and her two little children trapped within. For a moment she saw the tots struggling at a window, but falling timbers quickly hid them and she was powerless to enter. Their bones were found in the ashes.

## BEAUTIFUL PRESENT FROM LITTLE MISS HANNA.

Colonel J. Barbour Russell, manager of the Kentucky Cardinal Band, has received a little present which he is showing to his friends and which he prizes very highly. It is a beautiful silk handkerchief made and presented him by little Miss Sophia Lisle Hanna, daughter of Commissioner of Agriculture W. C. Hanna.

## EWING FAIR OPENS.

The famous old Ewing Fair opened at Ewing this morning. Indications are that this year's fair will be a great success. Quite a number of Maysville and Mason county people will attend this fair this year. In addition to splendid show rings, the fair company offers several special attractions throughout the week.

Colonel Langhorn Tabb Anderson is seriously ill at the home of his sister, Mrs. H. T. Davidson, in Court street. The Colonel was taken suddenly ill Saturday. He is reported somewhat improved Wednesday but is still too ill to be removed to Point Au View.

Mrs. George Hunt, of East Second street, has just been advised of the serious illness of her brother-in-law, Mr. Miller DeAlley, of Portsmouth, Ohio, a former local resident.

## THREE BASEBALL GAMES IN MAYSVILLE THIS WEEK-END

Winchester Plays Here Thursday and Cynthiana on Saturday and Sunday At the Local Ball Park.

The Cardinals take a three game stand at home Thursday with the Winchester Dodgers and Saturday and Sunday with Cynthiana and in order to regain first place must win all three battles.

The Dodgers' appearance Wednesday is their first here in more than six weeks as well as the first chance to see Ralph Elmenann work with the visitors. He will likely hurl for the Dodgers to be opposed by one of the new Cardinal slab artists. With Devcreaux and Hogan in the lineup the team has been fighting hard since Camnitz became its manager.

Pers. Thomas M. Russell is in Cincinnati Wednesday to increase the supply of umpires for the Blue Grass League which seems to be about exhausted. If Spade and Brauer are a fair sample, why go to Cincinnati after arbiters.

But thirteen batters of the Blue Grass League are above the coveted percentage .300 or more. The Cards have but one representative, Class Winchester, Lexington and Paris have three men over .300, Cynthiana 2 and Mt. Sterling 1.

## "THE DANGEROUS LITTLE DEMON," PASTIME THURSDAY.

"It is a relief to see your level-headed attitude in contrast with these one half of one per cent. brains," said the father of the Dangerous Little Demon as he stood with his secretary and watched a score of society lightweights gambol about with his pleasure-mad daughter. And when the young secretary intimated his regard for the girl, "the old man" put his hand out and gave his best wishes to a serious-minded youth. In came "The Dangerous Little Demon" and her father's secretary proposed to her. Thud did her first taste of the serious business of life begin, while Gary McVey, a wealthy neighbor who played "big brother" to her, looked on and felt more pain than he wanted others to know. From one mad party to another "The Dangerous Little Demon" went in search of pleasure, balancing it against the attractiveness of a happy married life with a sensible man. In the end she didn't choose either! See "The Dangerous Little Demon" at the Pastime Thursday.

## MASONIC FROLIC AT BEECHWOOD ON FRIDAY TO BE BIG

Local Lodge of Masons Has Extended Invitations to Hundreds Through-out This Section to Be In Attendance at Picnic.

Masonic Day at Beechwood Park on next Friday promises to be one of the biggest and best days yet at this popular park since its opening.

The local Masonic Lodge has sent invitations to every Masonic lodge in this and adjoining counties and personal invitations to the number of more than a thousand have been sent to members of the fraternity. It is expected that practically every Masonic organization including the Eastern Star Chapters within a radius of a hundred miles will be represented at the big frolic.

While the picnic will be on all day, the big celebration will be held at night when Hon. G. Allison Holland, of Lexington, will deliver the chief address. There will be fireworks and a feature motion picture. A part of the proceeds of the park on Friday will be donated to the Kentucky Masonic Widows' and Orphans' Home.

While the day will be a Masonic celebration, attendance will not be restricted to that great fraternity and the members of Masonic families but the entire public will be invited. A grand dance at night with music by an augmented orchestra will close the day's festivities.

## TAIDMAN GIVEN A PRELIMINARY TRIAL TODAY.

Winchester, Ky., Aug. 16.—Preliminary hearing of Scobee Hardman, 22, on a charge of murder, growing out of the death of Leon Renaker, 35, in his home here July 25, was the center of attraction in all the section around Winchester today.

Renaker was one of the town's leading citizens and was known as the "turkey king" of Kentucky because of his deals in turkeys. He had business connections in Cincinnati, where he also had relatives.

Preliminary hearing of Hardman was set for 10 a. m. in the Clark county court house before H. B. Scribner, police judge.

R. S. Scobee, county judge, ordinarily would have presided, but he asked Judge Scribner to take his place because Hardman is a distant relative of his. Hardman was named for Judge Scobee.

Sam Middelman wants beef hides. Will pay the highest cash price 20JL-16 county.

## MINES ARE REOPENED IN THREE STATES

Production of Soft Coal Is Resumed as Union Miners Reach an Agreement.

Cleveland, Aug. 16.—John L. Lewis, president of the United Mine Workers, was to issue instructions today to district officials to place the wage agreement reached here yesterday before operators of their districts at once.

If the operators sign the agreement as Lewis predicts, the bituminous strike will be ended in 75 per cent. of the soft coal districts.

Lewis issued a statement in which he heralded the past as a "complete victory for the miners."

"I regard this termination of the conference as gratifying not only to the mineworkers who have emerged from this great industrial conflict with signal honors, but to the American people as well," Lewis said.

"The settlement is an honorable one to all concerned."

"Early acceptance of the agreement by operators in all fields will allay much of the bitterness aroused in the conflict."

Lewis will leave here today for Philadelphia to attend a conference of union leaders and anthracite operators tomorrow.

Coal miners returned to work in three states today.

## MAYSICK MUSICIAN DIES.

Edward Case, Jr., aged 20 years, son of Mr. and Mrs. Edward Case, of this city, died Tuesday at the home of Mr. and Mrs. M. D. Phillips at Mayslick, where he had made his home since childhood. Young Case was a very accomplished musician and a member of the Mayslick Bluegrass Band. The funeral will be held Thursday morning at 9:45 o'clock at Shannon and burial will be made at that place.

## NO RETURN OF VODKA

Russia has been "dry" since the rescript of the Czar banned the manufacture and sale of the national drink, which was also a government monopoly and produced enormous revenue. No one understood better than Nicholas Romanoff that in the Russo-Japanese war Russia drunk lost in her struggle with Japan sober. There could have been but one issue to that conflict but for the ravages of Vodka.

Recently the newspapers have carried prominently the story that the Soviet government, out of respect for the revenue, have decreed the return of strong drink, and many editors have commented at length upon dispatches which they did not wait to confirm. Like so much of the "news" from Russia and the border states, it seems now that this item is without foundation in fact. There is to be no return of vodka. To those who have watched the Soviet authorities closely it seemed unlikely that the report which has been sent broadcast could be true. There comes from London the following statement, tucked neatly away on the very inside of one of the New York papers that most gleefully announced the rehabilitation of the vodka industry:

"The Russian trade delegation stated today it had been authorized to say that the recent report from Moscow that the Soviet government was preparing to authorize the sale of vodka was a 'pure invention'."

There are many who will devoutly hope that this may be true, and that Russia will not add to her many other woes, wounds, and sorrows those of drink. What the Revolution would have been had Russia been saturated with vodka as she was before the war even the most vivid imagination must fail to visualize. Dante himself could hardly have painted a picture of the inferno which would have followed.

It is interesting, in this connection, for Americans to reflect upon the situation which might have developed in the United States during the post-war and reconstruction period with its business depression, unemployment, and industrial strife and social confusion if the saloon had flourished in every state and drink had flowed freely as in the old days.

## THE TRIUMPH OF CHAMPOLLION

The French have been celebrating the achievement of Jean Champollion, the celebrated Egyptologist, who one hundred years ago succeeded in deciphering the inscription on the Rosetta Stone, which was discovered in 1799 by Bousard, a French officer, in the trenches near Rosetta, and which is now in the British Museum.

Champollion began to study the stone when eleven years of age, and at nineteen solved the problem which much older and more experienced investigators had failed to do. The Rosetta Stone inscription, when read, gave the key to the hieroglyphic writings of Egypt which had baffled the scholars completely. It contains a decree of the Egyptian priesthood, dated March 27, 195 B. C., providing that Ptolemy V shall have his statue placed in the sanctuary of every temple, and that divine honors shall be paid to him because of the benefits which he has conferred upon his country and upon religion.

The inscription is bilingual, appearing in hieroglyphics, in demotic writing, and in Greek, and Champollion on the theory that the three inscriptions were one and the same identified in the two unknown languages the letters corresponding to the Greek, with which he was familiar.

In other words the Greek translation of this decree gave scholars the clew to the innumerable records of an ancient Egyptian civilization, and enabled them to reconstruct the past with wonderful results, so that we are acquainted with the history of the Nile valley throughout a period of thousands of years before the beginning of the Christian era.

The patience and persistence and acumen of Champollion well deserve world-wide recognition, and his example should be inspiring to every boy who wants to make a success of his life.

## THE RIGHT TO WORK.

President Harding:—"A free American has the right to labor without any other's leave. It would be no less an abridgement to deny men to bargain collectively. Governments cannot tolerate any class or group domination through force. It will be a sorry day when group domination is reflected in our laws. Government, and the laws which government is charged with enforcing, must be for all the people, ever aiming at the common good. The foremost thought in the Constitution is the right of freedom and the pursuit of happiness. Men must be free to live and achieve. Liberty is gone in America when any man is denied by anybody the right to work and live by that work. It does not matter who denies."

## PURGE THE PARTY

Senator Jones, Democrat from New Mexico, who has been playing politics with the tariff since last April, is now proposing a substitute for the pending tariff bill which he declares will take the tariff out of politics. To the constituents of Senator Jones it may be said, that the tariff will be taken out of politics just as soon as free traders of the Jones stripe are taken out of Congress. When we are all agreed that protection is a necessary national policy there will be no possibility of an issue. If New Mexico and the Old South will vote as they are now professing in favor of protection to American industrial and agriculture there will not be enough free traders in Congress to make an issue.

## CORN AND CAIN

It is reported that the Department of Justice has arrested a Russian who is believed to be an emissary of the soviet government sent here to organize communists in the coal fields. If such proves to be the case he will get a speedy passage back to his native land at the expense of Uncle Sam. Funny! We send seed to Russia to raise corn, and Russia sends seed to this country to raise Cain.

## COUNTRY HEALTHIER THAN CITY AND OUR WOMEN OUTLIVE MEN

Kansas Folks Live Longest — Uncle's Figures From Last Census.

Special to Public Ledger By ROBERT FULLER  
Autocaster—Washington Bureau.  
Women live longer than men in the United States.

Life in the country is healthier than life in the city. That statement explodes a lot of pet theories of our city brethren who have spread propaganda for many moons on the perfectness of their sanitary existence.

The bureau of Census at Washington has just compiled some interesting figures from the recent census. They should add to the contentment of all rural dwellers.

The average life of women in the country is 57 years. Of men 55 years.

The average life of city women is 54 years. Of men 51 years.

The average life in both city and country for women has increased nearly three years and for men nearly four years in the last ten years.

The healthiest spot in the union seems to be Kansas. Women average 60 years there and men average 59 years.

The next healthiest spot is Wisconsin where women average 60 years and men 58 years.

Washington is the healthiest city where women average 59 years and men 53.

Pittsburgh is at the bottom of the list where women average only 50 years and men 47.

These averages run into fractional years as announced by the bureau but have been taken at the even year in his article. The figures quoted here apply only to whites. Negroes are shorter lived. The national average for them is 42 years for women and 40 years for men.

The accompanying box shows the average length of life in representative states or various districts.

Here are average years of life in the states:

## FARMERS END CULLING REMOVES SLACKER HENS.

Lexington, Ky. — During the last few weeks many Kentucky farmers and poultrymen have discovered that their flocks contain a considerable number of loafer hens that can be culled out and sent to market without seriously reducing the total number of eggs received, according to early reports which are being received at the College of Agriculture from farmers who cooperated with the extension division in having their flocks culled as demonstrations for interested persons in their communities. In one case the egg production of the flock was increased despite the fact that one-third of the birds in it were removed as culled in the demonstration. This was partially due to the fact that the remaining hens were allowed to utilize the feed which originally had been given to the non-laying hens.

W. L. Loyd-Smith, a Union county farmer living near Boxville, reported that his flock of Single Comb White Leghorns produced as many eggs during the first week after seven culled had been removed as it did the previous week. During the week before the culling, the 45 Leghorns produced a total of 202 eggs while the 38 hens that were kept produced the same number during the following week. On the other hand, the seven culled which were removed produced only one egg during the week after they were culled out and confined by themselves.

A flock of hens owned by J. W. Alexander, an Owen county farmer living near Wheatley, produced 22 more during the week after culling than it did during the seven days before culling despite the fact that one-

third of the hens in the flock were thrown out because they showed characteristic signs of being non-producers. The 90 hens in this flock produced a total of 161 eggs during the week before being culled while the 60 that were kept as layers produced a total of 183 eggs during the week after culling. The 30 culled in this case produced only one egg during the week after they were removed. Similar results were obtained by Mrs. E. E. Brainer, living near Philpot, Davies county. Nine culled removed from her flock of 24 hens produced only one egg during the week after culling.

## GIRL'S HAND GROUND OFF IN WRECK OF AUTOMOBILE.

Perryville. — A blow-out on a curve wrecked a car occupied by three Negro women and a twelve-year-old driver who were en route to a colored picnic from Birdstown. Mary Cotton had her right hand ground off and was rushed to a Danville hospital, where her arm was amputated. The others were injured less seriously.

Bernard Durning, who is directing Dustin Farnum, has just left for the Yosemite Valley to make exteriors. It is a lumber story in which the elder Farnum will have to fight three villains, including Norman Selby and Maurice Flynn.

The print of "Just Tony," in which Tom Nix's horse is featured, has just arrived at the Fox Studio. Those who have seen it promise it will create a sensation. Tony proves he is a versatile actor, and does stunts equal to those of his master.

William Farnum has arrived in California and taken possession of his home overlooking Hollywood, the first time it has been opened in three years. Before settling down to make "Without Compromise," the Fox star will go on a cruise after big game fish.

With the opening of "A Little Child Shall Lead Them" on Labor Day at the Lyric Theater, New York, Peggy Shaw, who plays the lead, will make personal appearances when she is not working with Mary Carr in "Ponzie," which Herbert Brenon will soon start to direct at the Fox New York studio.

## KENTUCKY STANDS FIFTH IN BETTER STOCK DRIVE.

Lexington, Ky. Kentucky is continuing to make steady progress in the "Better Stock—Better Stock" campaign being conducted throughout the country by the United States Department of Agriculture in cooperation with the various state agricultural colleges, according to a progress report which has just been received by T. H. Bryant, assistant director of extension work at the College of Agriculture. The state now stands fifth among all those in the Union in the number of farmers who have been enrolled in the drive against scrub breeding animals, being preceded by Ohio, Virginia, Nebraska and Washington.

Since the beginning of the campaign at which time Kentucky stood at the bottom of the list of states in the number of farmers who had agreed to use nothing but purebred sires in all their breeding work, the state has forged rapidly to the front through the work carried on by county agricultural agents and specialists from the college, Mr. Bryant said. At the present time a total of 401 Kentucky farmers have joined the campaign, these farmers being the owners of a total of 10,540 purebred animals and 54,292 chickens. Ohio, which heads the list, has a total of 1,970 farmers enrolled in the movement.

Work being carried on by county agricultural agents and the college extension division at the present time promise to advance the standing of the state in the drive, Mr. Bryant said. The work is being launched in practically all parts of the state while many farmers are showing an increased interest in the value of better breeding animals, he said.

At the present time Oldham county is playing an important part in the progress which is being made by the state. County Agent Gordon B. Nance has reported that 37 additional farmers in that county recently applied for enrollment in the campaign by agreeing to use nothing but purebred sires in all their breeding work. This brings the total enrollment of farmers in that county up to 103. The progress report which has just been received here shows that only 13 counties in the United States have a greater enrollment than 103 farmers at the present time.

## A THOROUGH TEST

One To Convince the Most Skeptical Maysville Reader.

The test of time is the true test of a medicine. Doan's Kidney Pills have made their reputation by effective action. The following case is typical. Maysville residents should be convinced.

The testimony is confirmed — the proof complete. Testimony like this cannot be ignored.

George H. King, prop. grocery store, 615 East Second street, Maysville, says: "I have used Doan's Kidney Pills off and on for several years and have been greatly benefited by them. At times my kidneys got out of order and the secretions passed irregularly. I suffered with a severe aching through the small of my back. When I had one of these attacks I used Doan's Kidney Pills and they never failed to cure the complaint." (Statement given November 15, 1916.)

PERMANENT RELIEF. On November 22, 1920, Mr. King added: "The cure I spoke about in my former statement has proven permanent. I haven't had the slightest sign of kidney trouble since using Doan's Kidney Pills."

Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills — the same that Mr. King had. Foster-Milburn Co., Mfrs. Buffalo, N. Y.

Our books are open. Not only have we the price, but the quality and 100% delivery. If your order is not booked with us, act quick; don't delay. ## THE GREAT AMERICAN BELL.

By RICHARD LLOYD JONES.

In practically every home on farm and in town, in every shop and store, factory and office there is a little bell behind which is a story of romance and before which is a wonderful world that it made less wide. That is your telephone bell.

We used to call hello across fields. This little bell now carries our hello across the continent. The farmer who was ten miles away from town had to harness his horse and drive the old spring seat for better than an hour to deliver a simple business message. Now he rings the little bell and in two minutes the business is done.

With equal ease the business man in Minneapolis confers with his customer in New Orleans and the New York lawyer talks to his San Francisco client.

Imagine what it would be to be without it. No strange that scientific men of forty-six years ago viewed it with suspicion.

On the first day of this month in his Nova Scotia summer home, Alexander Graham Bell, the inventor of the telephone, died in his seventy-fifth year. His death brought back the story of the advent of the phone.

Bell was highly educated in the scientific schools of Scotland and

England. As a young man he was a professor of sciences in Boston university. He married the daughter of a wealthy merchant. He joined the family in extending to her especial tender consideration for she was deaf. He resolved to use his scientific knowledge to perfect a device that would give her an artificial ear drum that his voice might carry to her. For a year he experimented in his father-in-law's barn. He failed to find a way to carry his voice to his beloved and afflicted bride, but that romantic effort brought to him the instrument that has carried the human voice over seas and across continents.

His father-in-law lost his fortune. This invention rebuilt it beyond the proportions of all former dreams.

In 1876 Mr. Bell carried his newly patented invention to the Philadelphia exposition where our nation celebrated its Centennial. But no one noticed the telephone. Popular interest seemed to center in the butter lady, mounded out of New York's famous Herkimer county butter.

Scientists assembled there but even they were not attracted. At last two of the more eminent consented to look at the odd little device. One spoke into the mouthpiece another at a distance listened at the receiver.

"My God, it talks!" the latter cried. And then the telephone came.

It is in your house and my house,

your shop and my shop. Our life is now built to be dependent upon it.

On the first of this month few took notice of the passing of this great benefactor of mankind. He shortened distance; saved time, sped up all the wheels of industry and promoted commerce. He was a great progress-maker. Mr. Bell sent our hello everywhere. He brought us the little bell that we have made the Great American Bell. It is the little bell that calls us to its bidding more than any bell the world has ever known.

## STUDIO SHOTS.

"Youth Must Have Love" is the euphonic title of Shirley Mason's new picture for William Fox, which will be released in the fall. Miss Mason again has one of the charming roles that have made her famous.

Dustin Farnum is to appear in a picture for William Fox titled "The Yosemite Trail." Irene Rich will be his leading woman, and all of the exteriors are to be made in the Yosemite Valley, assuring strong scenic values.

Charles Jones, Fox star, is soon to be seen in two more stirring western pictures, "West of Chicago," and "The Bells of San Juan." The latter is adapted from the novel by Jackson Gregory.

#### TWELVE KILLED AS ORPHANAGE BURNS.

Shawbridge, Que., Aug. 16. — Ten children, a man and women burned to death early today when fire destroyed the Jewish Boys' Home here.

Collapse of the building where the victims were trapped threw the vicinity into darkness by destroying a local lighting plant and added to the horror as rescuers fought vainly to aid the children.

Only the fact that most of the orphans slept outdoors prevented their death.

Twelve bodies were recovered. Some could not be identified today.

The flames enveloped the orphanage early this morning, and the town's inadequate fire-fighting force was powerless to check the progress of the fire, which rapidly razed the building.

Stairs were cut off by flames and smoke and many children were saved in "thrilling rescues, being lowered from the third floor by ropes made from blankets and sheets knotted together.

BARKING OF DOG SAVES FAMILY FROM CREMATION.

Somerset. — Had it not been for the barking of their dog, the family of Manford Reynolds, at Liberty, this county, would have perished in the flames which destroyed their home. An unknown enemy had built a fire under the porch, and the house was tottering when the dog's frantic barking was heard and the members of the family raced to safety.

#### BISHOP FALLAWS CRITICALLY ILL IN HOME IN CHICAGO.

Chicago, Aug. 16. — The Right Rev. Camuel Fallows, 86, for many years presiding bishop of the Reformed Episcopal church, is critically ill at his home here. Bishop Fallows returned Monday from California. Attending physicians said his condition was slightly improved, and that while recovery seemed certain, it would be a slow battle.

In the early seventies girls were employed as pages in both houses of the Kansas legislature.

#### THE WOMAN OF POISE.

Once a rarely, is now to be observed and admired upon every hand. Indeed, no other woman can flourish long in the midst of this modern, complicated life. In the home, in business, in social life, the woman who is serene and confident wins, while the nervous, flustered individual wastes her talents and gets nowhere. Of course, poise is dependent mainly upon sound health and steady nerves. If you feel that you are being kept back in this way, why not turn to that great woman's remedy, Lydia E. Pinkham's Vegetable Compound, which was manufactured from a thorough understanding of the nervous system of women?
